SCIENCE: plant lifecycle

1ST & 2ND GRADE

PRINTABLE & GOOGLE SLIDES

WHAT'S INSIDE?

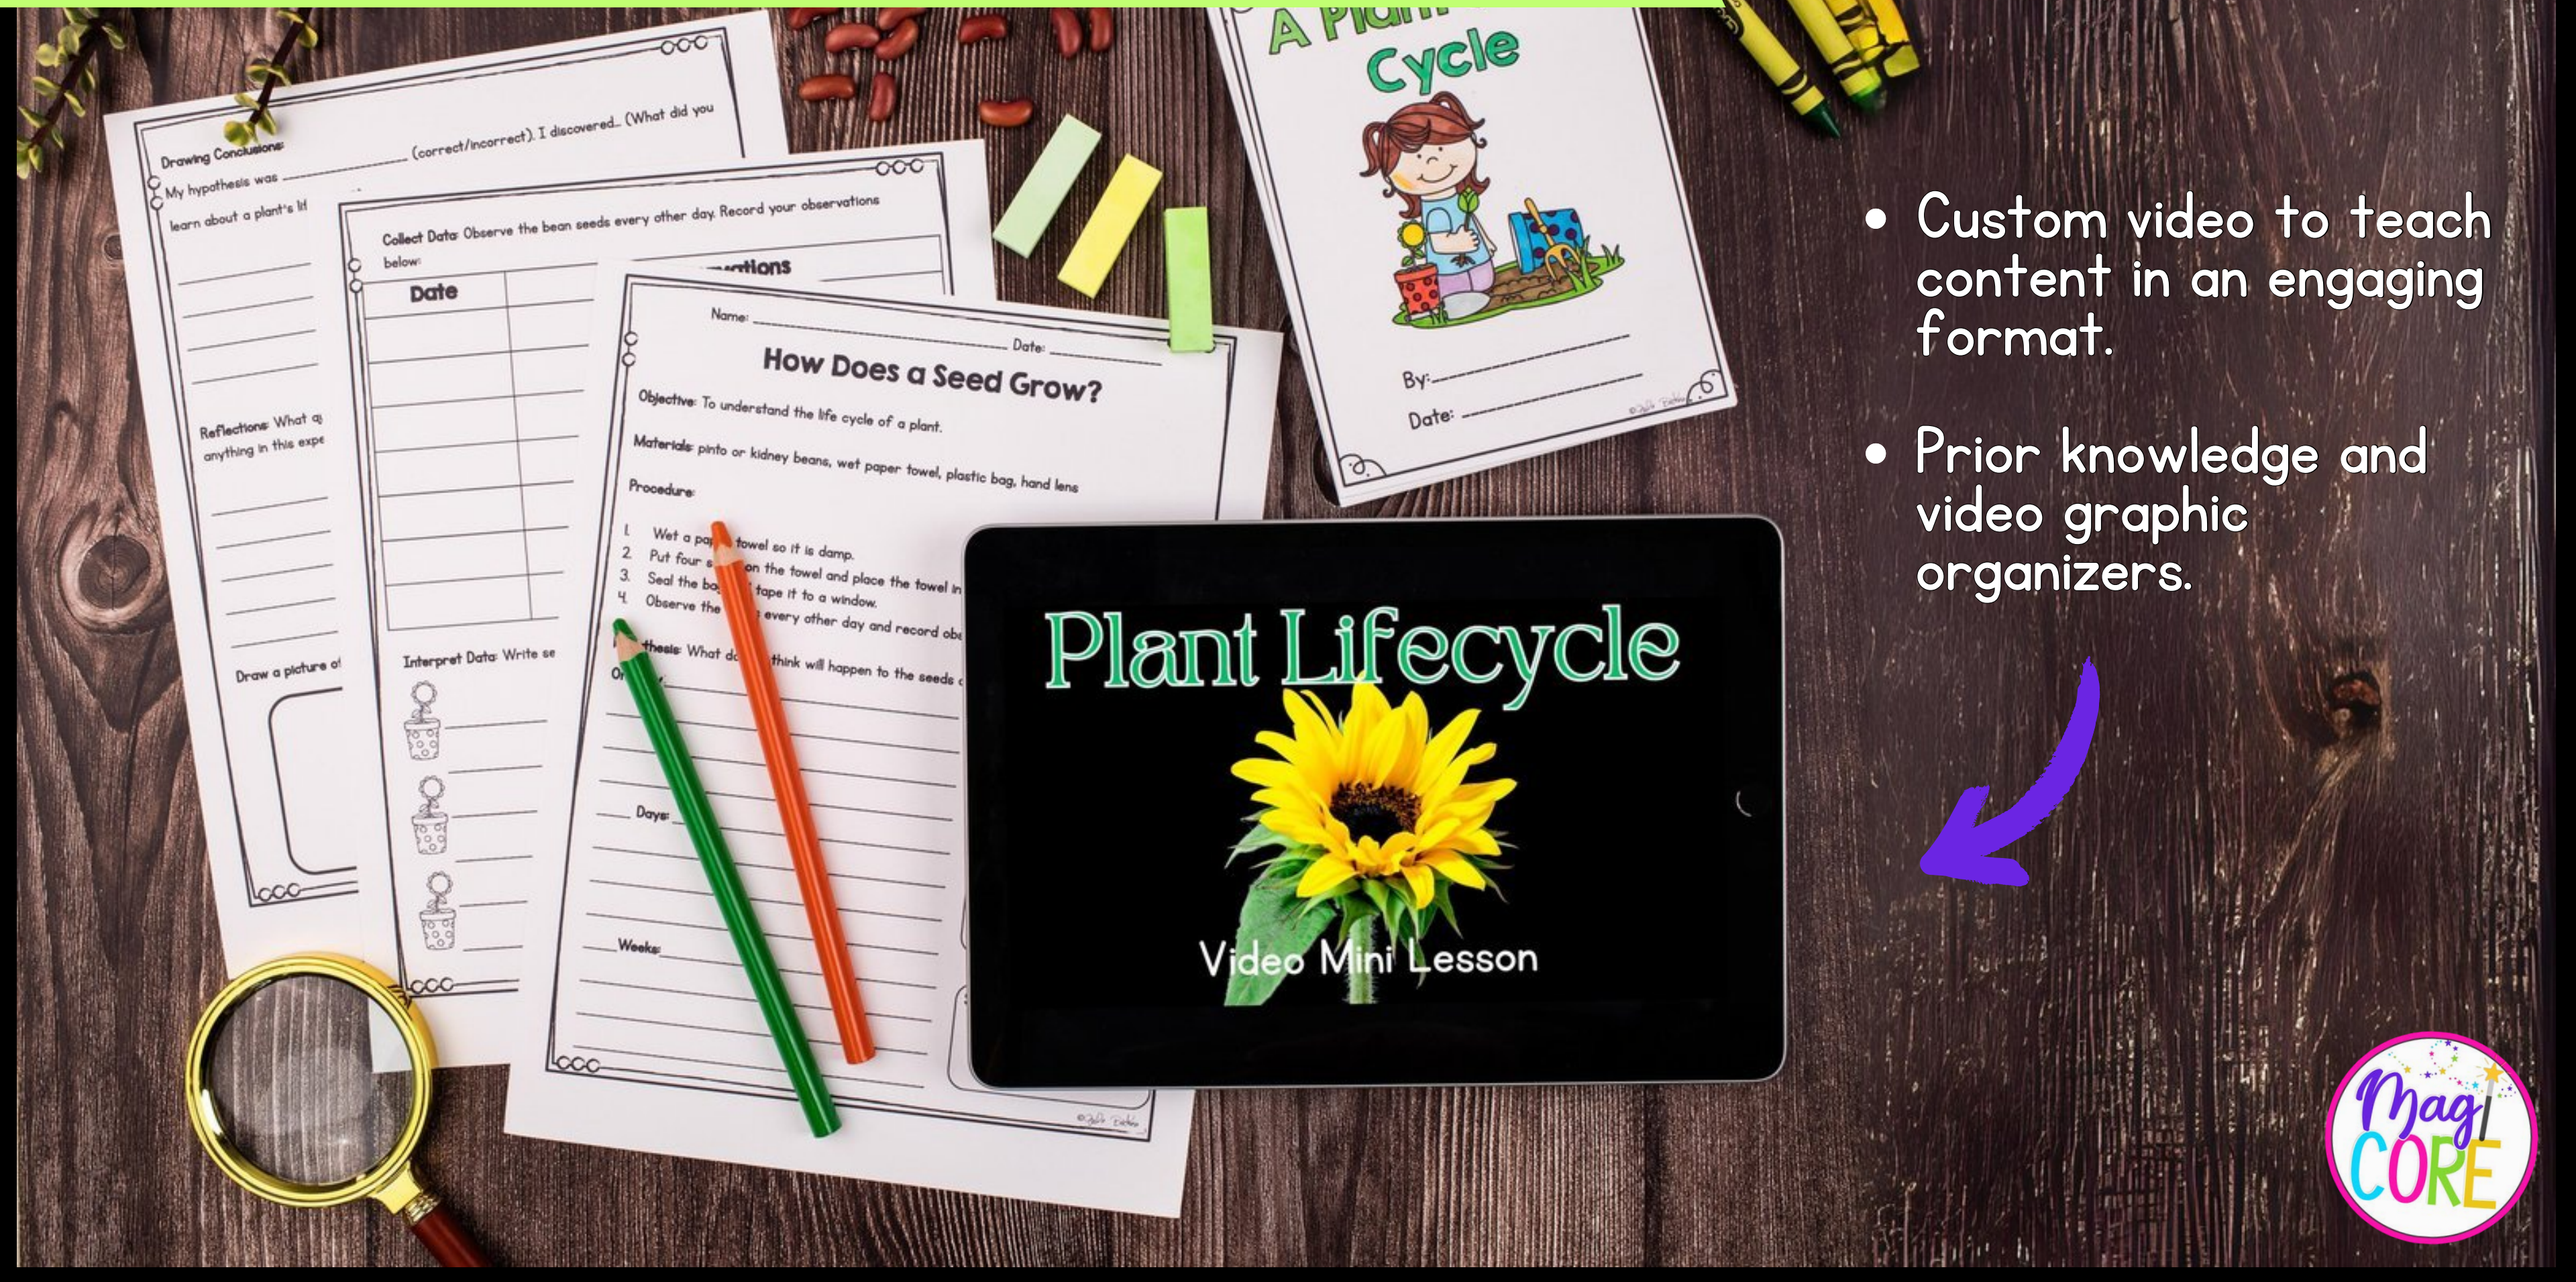

PRINTABLE PDFs and **DIGITAL** Google Slides unit to teach all about a plant's life cycle.

- Custom Video Lesson
- Reading Passage & Questions
- Mini Book & Vocabulary
- Worksheet & Activities
- Experiments & Explorations
- Quiz

Printable and Google Slides Included

Magi CORE

VIDEO & BRAINSTORMING

- Custom video to teach content in an engaging format.
- Prior knowledge and video graphic organizers.

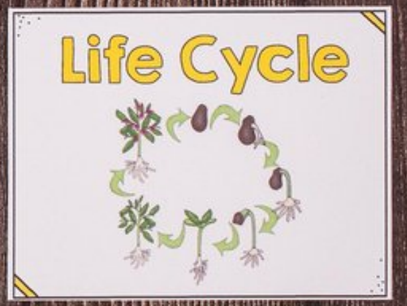

PASSAGES & QUESTIONS

- Passage & Question Set.
- Same content as custom video.
- Reinforces concepts and vocabulary.

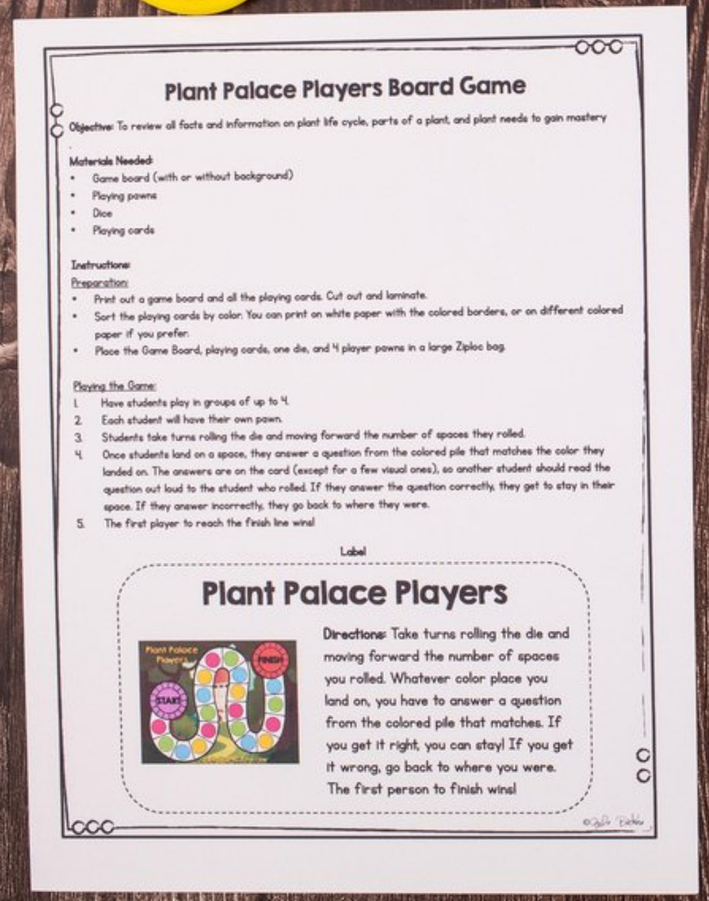

MINI BOOK

- Vocabulary Cards
- Fill-in-the-blank mini book to hold students accountable to content and concepts

PRACTICE PAGES

- Video & Question Pages
- Mini Book
- Plant Palace Board Game
- Flip Book
- Readers Theater Scripts
- Plant Life Cycle Comic Strip Relay

Plant Palace Players Board Game

Objective: To review all facts and information on plant life cycle, parts of a plant, and plant needs to gain mastery

Materials Needed:
- Game board (with or without background)
- Playing pawns
- Dice
- Playing cards

Instructions:

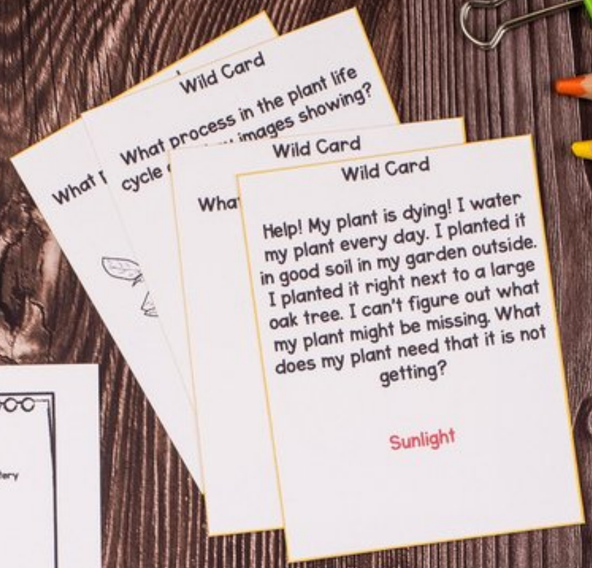

Preparation:
- Print out a game board and all the playing cards. Cut out and laminate.
- Sort the playing cards by color. You can print on white paper with the colored borders, or on different colored paper if you prefer.
- Place the Game Board, playing cards, one die, and 4 player pawns in a large Ziploc bag.

Playing the Game:
1. Have students play in groups of up to 4.
2. Each student will have their own pawn.
3. Students take turns rolling the die and moving forward the number of spaces they rolled.
4. Once students land on a space, they answer a question from the colored pile that matches the color they landed on. The answers are on the card (except for a few visual ones), so another student should read the question out loud to the student who rolled. If they answer the question correctly, they get to stay in their space. If they answer incorrectly, they go back to where they were.
5. The first player to reach the finish line wins!

Label

Plant Palace Players

Directions: Take turns rolling the die and moving forward the number of spaces you rolled. Whatever color place you land on, you have to answer a question from the colored pile that matches. If you get it right, you can stay! If you get it wrong, go back to where you were. The first person to finish wins!

EXPERIMENTS

- Experiments that follow the Scientific Method
- Allow students to collaborate and explore!

QUIZ

Simple, quick quiz to ensure students understand basic concepts.

Name: _____ Date: _____

Plant Life Cycle Quiz

Label each stage of the plant life cycle:

1. _____
2. _____
3. _____
4. _____

5. Why is this called a life cycle?

_____

_____

_____

6. What stage will happen after the roots begin to grow?

_____

7. What are two ways seeds are spread?

- _____
- _____
