INTERACTIVE ACTIVITY

ACTIVITY

Read each historical example. Decide which branch or branches of government were involved. Then answer the reflection question to explain how this example shows checks and balances or protects citizens' rights.

Brown v. Board of Education (1954)

The Supreme Court (judicial branch) decided that segregated schools were unfair and violated the Constitution.

Which branch or branches of government were involved?

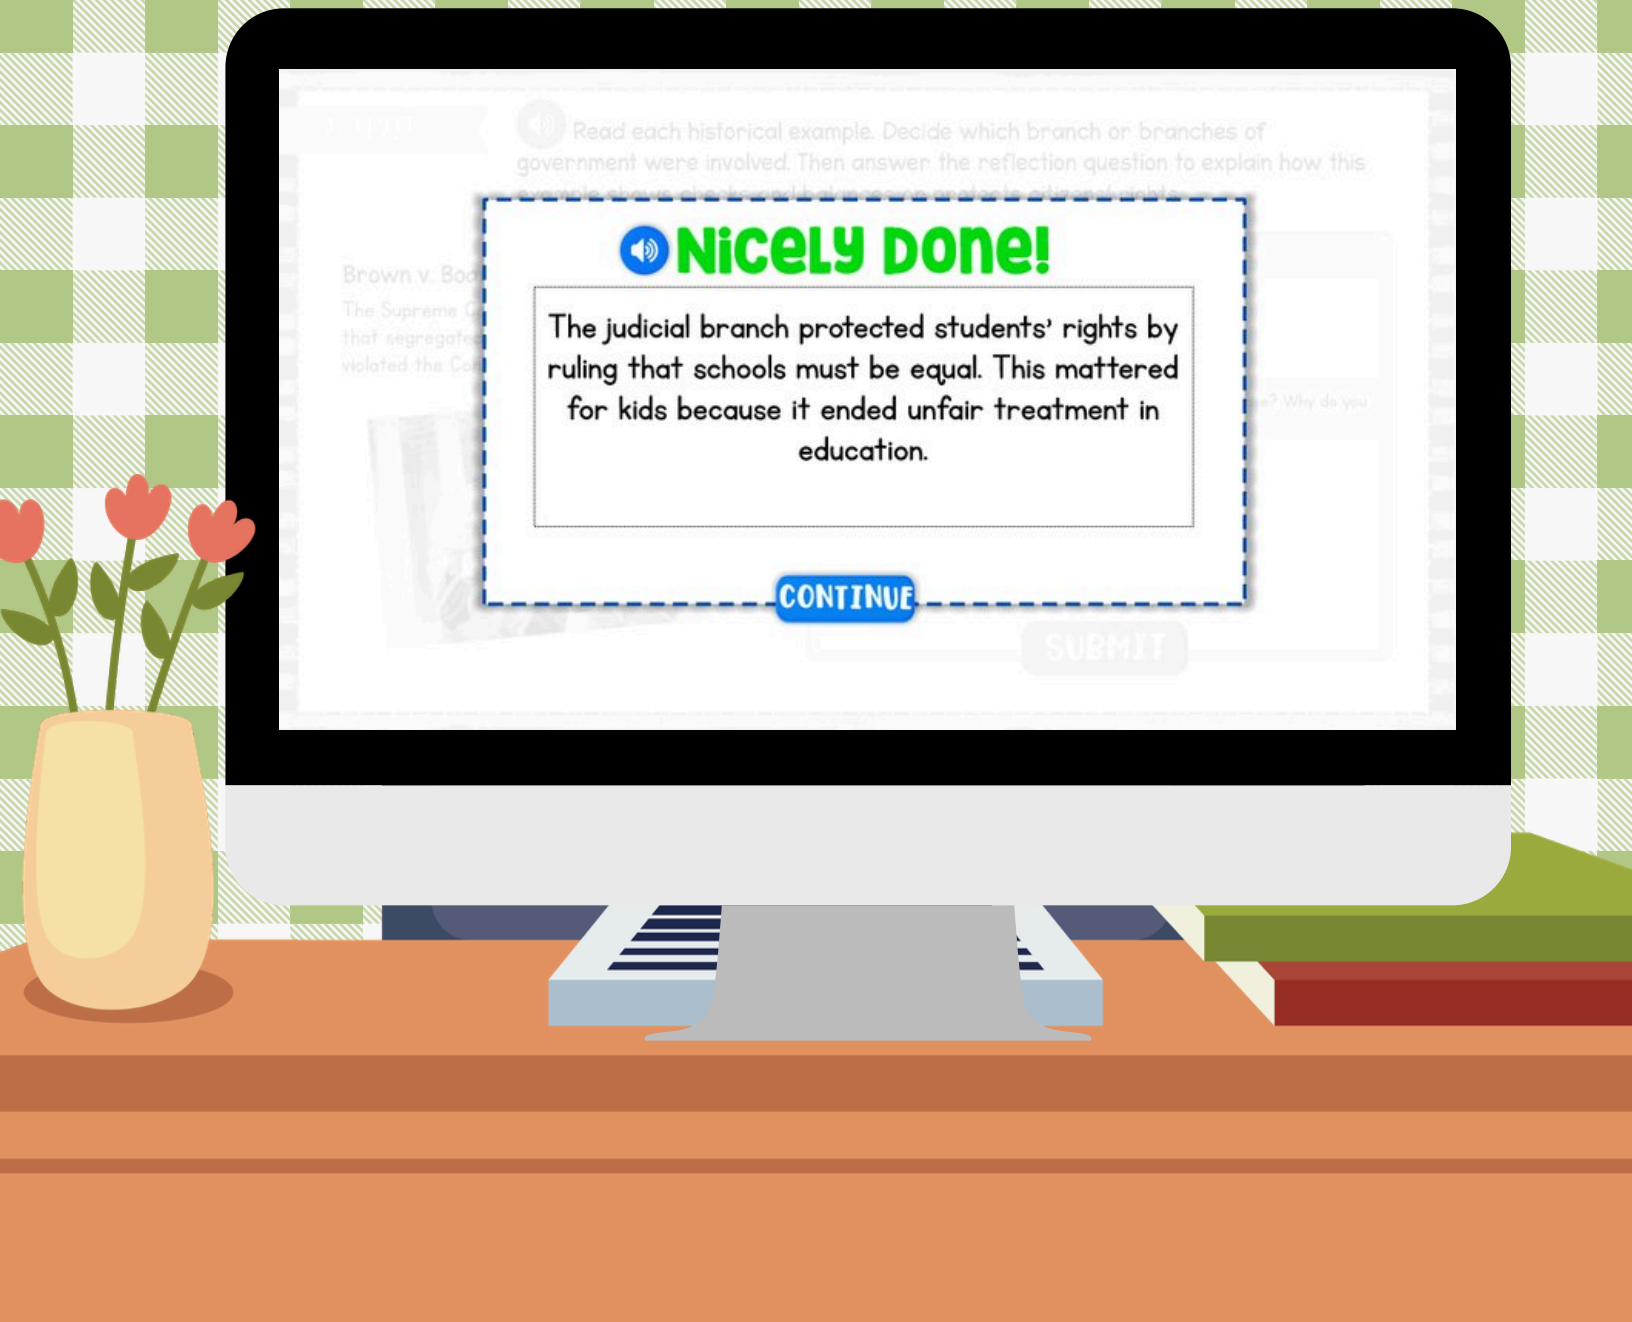

type your answer here

How did the judicial branch protect students' rights in this case? Why do you think it mattered for kids your age at the time?
