NONFICTION QUESTIONS

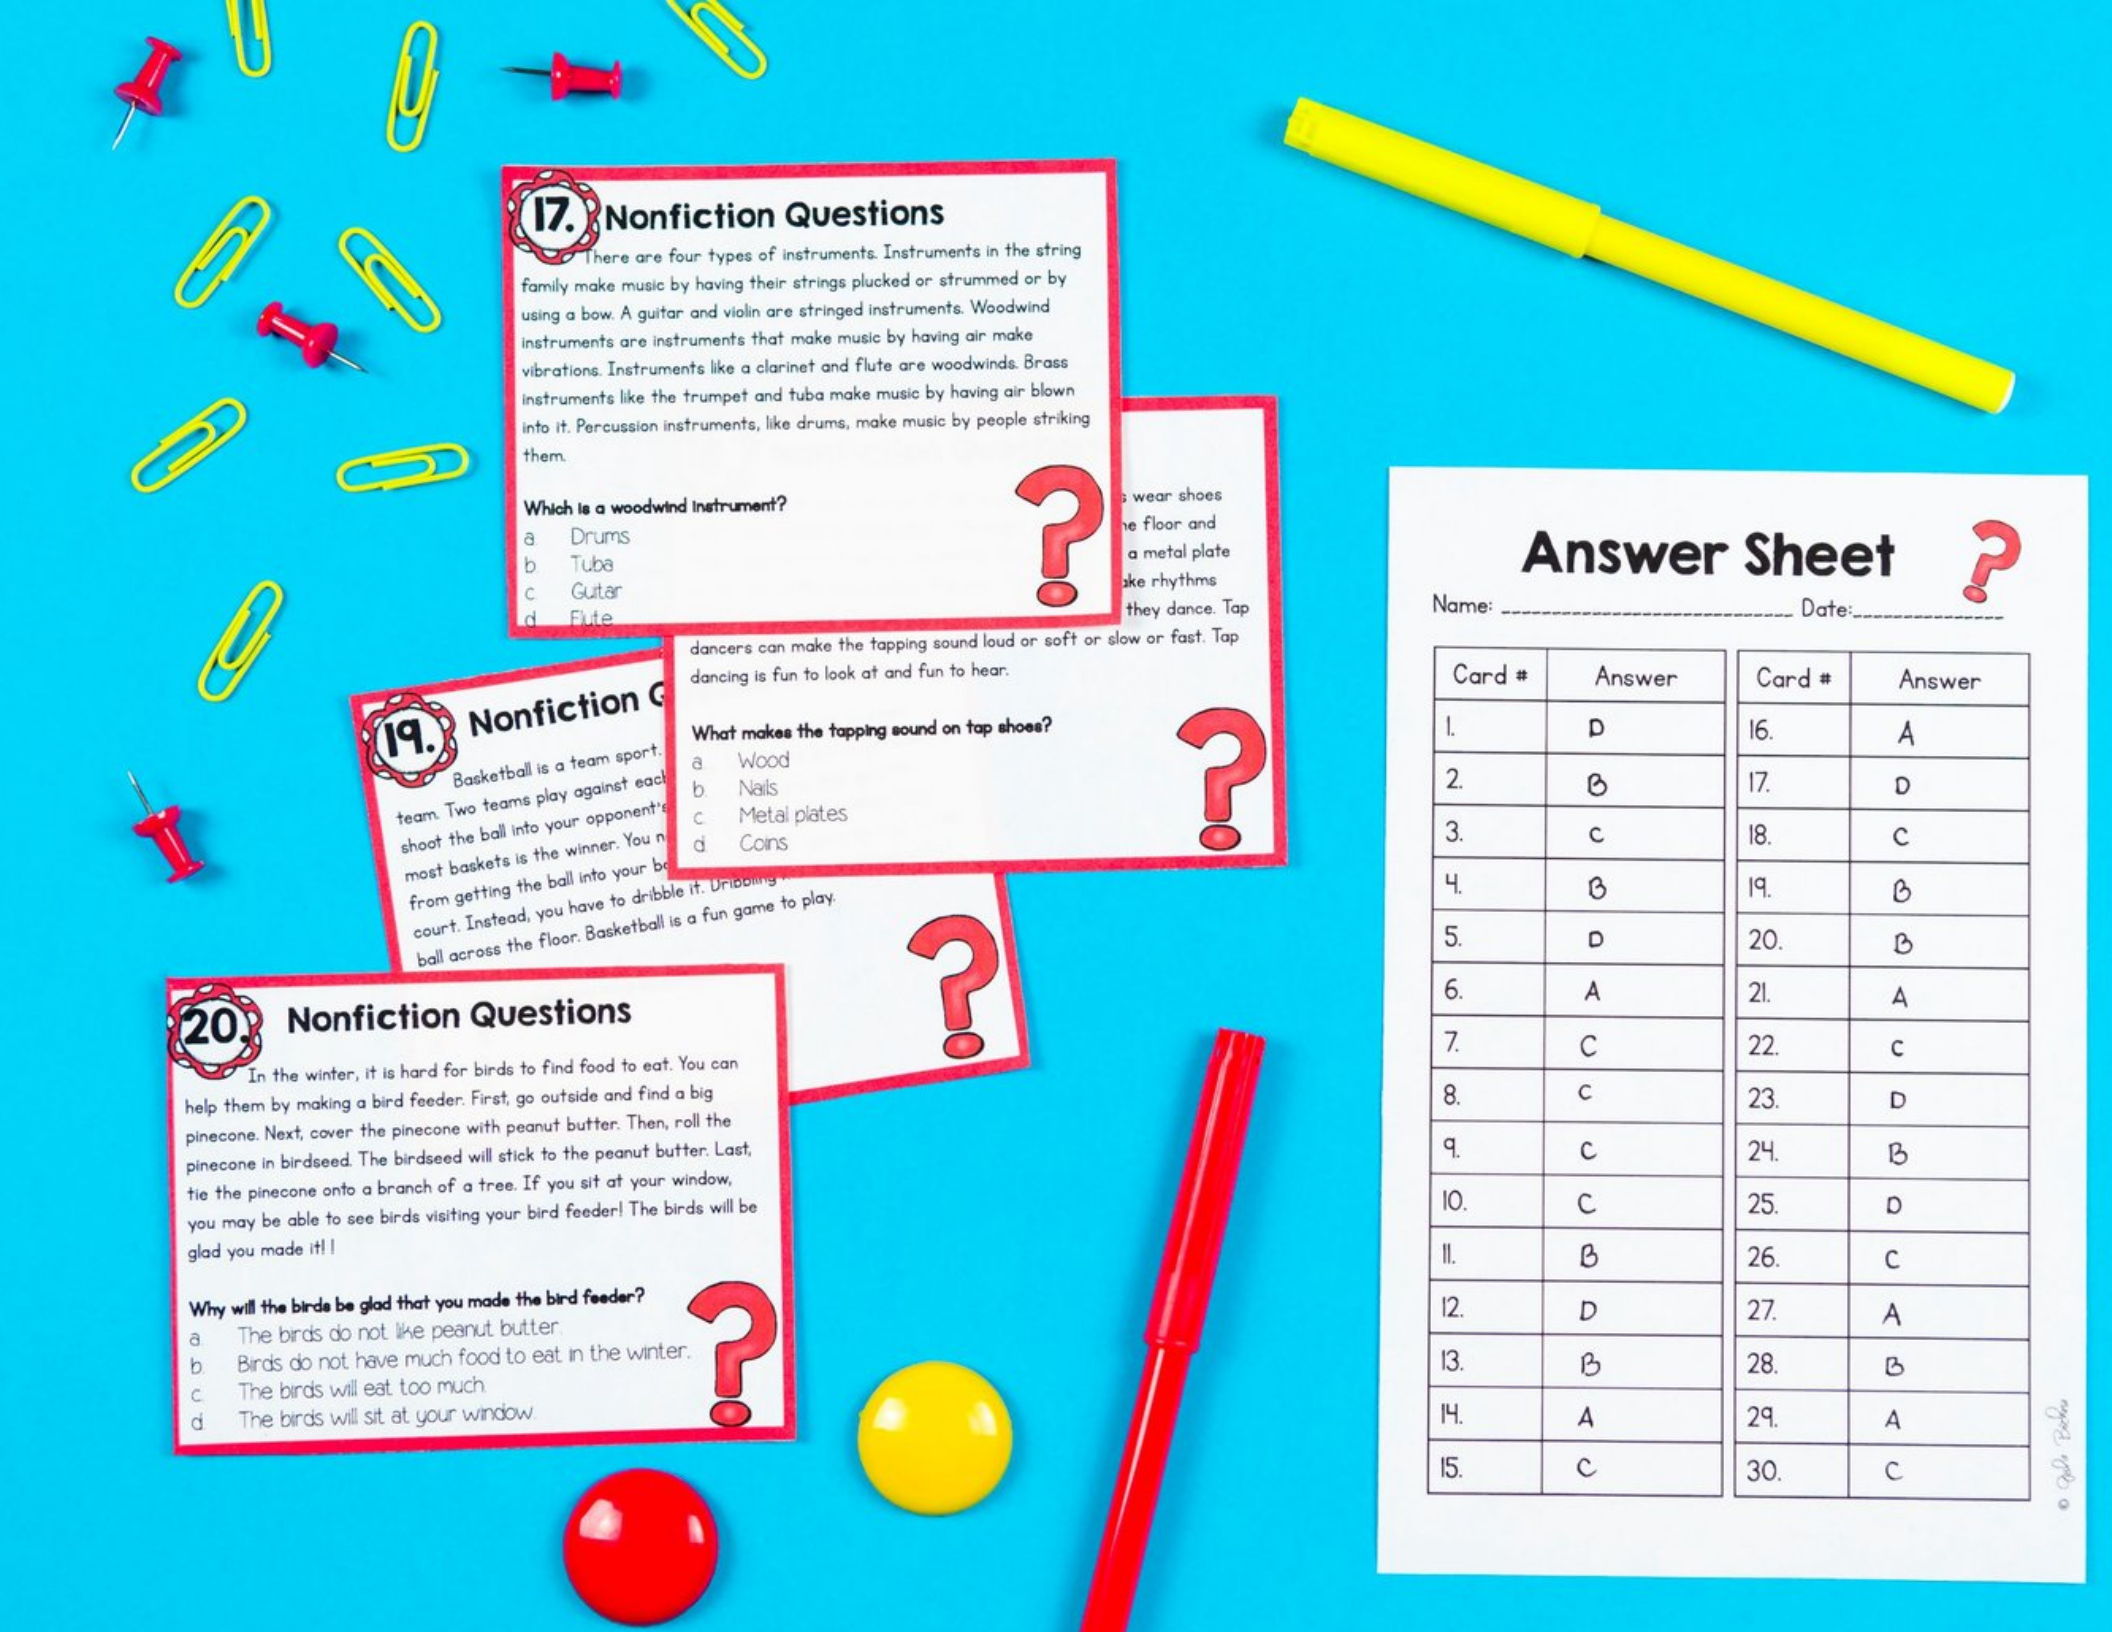

task cards

2nd Grade

17. Nonfiction Questions
There are four types of instruments. Instruments in the string family make music by having their strings plucked or strummed or by using a bow. A guitar and violin are stringed instruments. Woodwind instruments are instruments that make music by having air make vibrations. Instruments like a clarinet and flute are woodwinds. Brass instruments like the trumpet and tuba make music by having air blown into it. Percussion instruments, like drums, make music by people striking them.
Which is a woodwind instrument?
a. Drums
b. Tuba
c. Guitar
d. Flute
18.
dancers can make the tapping sound loud or soft or slow or fast. Tap dancing is fun to look at and fun to hear.
What makes the tapping sound on tap shoes?
a. Wood
b. Nails
c. Metal plates
d. Coins
court. Instead, you have to
How many people are on a
a. 10
b. 5
c. 7
d. 9
20. Nonfiction Questions
In the winter, it is hard for birds to find food to eat. You can help them by making a bird feeder. First, go outside and find a big pinecone. Next, cover the pinecone with peanut butter. Then, roll the pinecone in birdseed. The birdseed will stick to the peanut butter. Last, tie the pinecone onto a branch of a tree. If you sit at your window, you may be able to see birds visiting your bird feeder! The birds will be glad you made it! !
Why will the birds be glad that you made the bird feeder?
a. The birds do not like peanut butter.
b. Birds do not have much food to eat in the winter.
c. The birds will eat too much.
d. The birds will sit at your window.
30. Nonfiction Questions
The Grand Canyon is in Arizona. It is a large opening in the rocks that was formed by the Colorado River. It is 277 miles long and 6,000 feet deep. It is 18 miles wide, and it's still getting wider. Many Native Americans live in and around the Grand Canyon. The Grand Canyon became a national park in 1919. Many people visit the Grand Canyon to go hiking and camping. You can ride on a donkey and go down into the Canyon! You can go rafting in the Canyon, too!
How was the Grand Canyon formed?
a. By a meteor
b. By a volcano
c. By the Colorado River
d. By the ocean

Ways to Use Task Cards

1. **Centers**
2. **Scoot:** Pass out one card for each student. Set a timer and say, "scoot!" when the timer goes off. Students move seats to the next card. They continue to rotate until they are back at their original seat.
3. **Scavenger Hunt:** Hide cards around the room. Students search for cards and answer them.
4. **Jenga:** Number Jenga blocks. Students stack the blocks, then take turns pulling blocks. Students answer the corresponding number card.
5. **Whole class practice:** Teacher displays card on the projector. Students answer on mini white boards.
6. **Exit Tickets:** Give each student a task card at the end of the lesson. Have them answer on a sticky note.

1. Nonfiction Questions ???

Bengal tigers are native to the Indian subcontinent in subtropical and temperate forests. They are one of the largest wild cats. Their coat is yellow to light orange with black stripes. They are considered endangered. Their population is decreasing due to poaching and habitat loss. Organizations such as WWF are working to save Bengal tigers.

Where are Bengal tigers found?

a. WWF
b. Zoos
c. Deserts
d. Indian subcontinent

2. Nonfiction Questions ???

There are many uses for rocks. Rocks can be used to build. Houses can be made from rocks and so can bridges. Roads are made from rocks too. Rocks are used to make jewelry. You can find shiny rocks in rings and necklaces. Did you know that sand is a very small rock? Sand is used on sandpaper to make wood smooth. Sand is also used to make glass. Rocks, like coal, can be used for heat. You can use coal to cook your food on a grill. There are many ways to use rocks everyday!

What is a very small rock?

a. Boulder
b. Sand
c. Coal
d. Glass

3. Nonfiction Questions ???

There are three states of matter. They are solid, liquid and gas. Water is a liquid, but you can also see water in the other two states. When water is a liquid, it takes the shape of the container that it's in. When water gets cold, it turns into ice. Ice is the solid form of water. When the temperature is below thirty-two degrees it freezes. Water can also be a gas. When water is heated, it turns into steam. Steam is a gas. Boiling water creates steam.

What is the solid form of water?

a. Steam
b. Liquid
c. Ice
d. Gas

4. Nonfiction Questions ???

Animals need air, water, food and shelter to survive. An animal's habitat provides the things it needs to survive. If you have a pet, you need to provide it with food, water and shelter every day. Animals that live in the wild need to find food and water on their own. Some animals are meat eaters, and they need to hunt for food. Some animals are plant eaters, and they need to forage for plants to eat. All animals need fresh water to drink.

How are wild animals different than pets?

a. Pets drink saltwater and wild animals do not.
b. Wild animals hunt for food and pets do not.
c. Wild animals live in a house and pets do not.
d. Pets and wild animals are the same.
