Point of View

Dolly gazed at the people walking along the beach. She wanted so badly to talk to them. She had heard that people could train dolphins like her to communicate with them. "I'm going to try to meet a human." Dolly Dolphin said to her mom.

"Dolly, it's not safe. What if they take you? You have plenty of other dolphins to talk to here in the ocean."

Dolly loved her dolphin friends, but she wanted to know more about everything - including humans. With one flip of her blue-gray tail, she jumped sky high and was off, headed toward the beach.
