Name: _____ Date: _____

Measuring Length Lesson Recording Sheet: Day 1

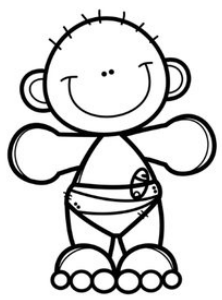

Explore: Look at the pictures below. Put a check mark next to the objects you would measure the length of.

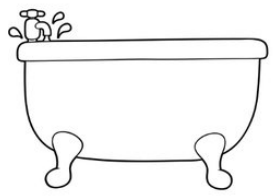

Around a basketball ☐

How tall a flower is ☐

How much a baby weighs ☐

How hot the water in the bath is ☐

Collaborate & Share: Work with a partner or your group to write 3 objects in the room with you that would be measured in length. Then, write an explanation to the class of how you know your objects are measured in length.

Objects you can measure the length of:

1.

2.

3.

I know I would be measuring length because because....
