CULTURES AROUND THE WORLD

Exploring Cinderella and Culture

What is culture?

Culture is the collection of beliefs, languages, art, knowledge, traditions, values, and many other aspects of a community or group of people. Culture is something that people can (and usually do) express through their creations and their daily lives.

How is culture expressed?

Culture can be expressed in many ways, such as the celebration of certain holidays, communication styles and language, styles of dress/clothing, and more.

Culture is also expressed through the creation of books by both authors and illustrators. On this trip, we are going to keep an eye out for cultural expression in various versions of the Cinderella story.

Learn how stories are shared across different cultures.
