Quiz

Fill in the blanks with the words from the word bank below and the names of the countries, islands, and landforms in North America.

countries ~~countries~~ continent islands ~~islands~~

On a map or globe, I can locate the continent of North America, and the countries within it! There are three main countries of North America, called Canada, the United States, and Mexico. There is also a collection of islands called the Caribbean Islands that are a part of North America, as well. An interesting landform located in the country of the United States is called the Grand Canyon. Another interesting landform in the country of Mexico is called the Yucatan Peninsula

Name: _____ Date: _____

The United States

Locate the United States on the map and color it ! Don't forget Alaska and Hawaii!

Canada

Locate Canada on the map and color it ! Remember to include the islands!

Name: _____ Date: _____
